

Create your own Pysanka!

Using your knowledge of pysanka symbols (found on the first page), create an Ukrainian egg that represents you. Your egg must have the following features:

- 1) Be **CREATIVELY** and **NEATLY** drawn and coloured.
- 2) Be **COLOURFUL!** Use can use either markers or pencil crayons to colour it.
- 3) Have **two (or more) traditional symbols** from the front page that represent you.
- 4) Have **two (or more) new symbols** (whatever you want) that represent you.

Remember that you can repeat symbols and use patterns throughout the egg. I would also like to see the whole egg surfaced coloured. **Be CREATIVE and get CRACKIN'!**
